FMRS Spring Clean

The Friends of the Muscatatuck River Society is hosting the Annual Spring River Cleanup (a.k.a. “Kevin’s Kleanup”) on Saturday, April 24th, 2010. Volunteers will have the opportunity to canoe a section of the Muscatatuck River or walk along its bank while collecting trash and contributing positively to the environment and community. Everyone is welcome to participate; we ask that their parent or other responsible adults accompany small children. All are encouraged to dress in clothing appropriate for outdoor work and relative to the current weather conditions.

Registration is at 8:00am at the Vernon Commons, located off Jackson Street in Vernon. A brief safety instruction, equipment distribution and group location assignments will be held before going to the river sweep locations. Participants interested in canoeing during the cleanup must provide their own canoe.

Participants will conclude their day at 12:00pm at the North Vernon City Park Shelter House #3 where lunch will be provided from food donated by local businesses.

Questions regarding the cleanup or sponsorship may be directed to:
President: Troy Jackson (812-592-0481)
Secretary: Tom Moore (812-592-0319)

Visit our website at <http://www.fomrs.org>, or visit our Facebook group, for more information about our organization.

Mother Nature Thanks You!

Troy Jackson
